The background features a technical drawing of a mechanical part, possibly a gear or a pulley, with various dimensions and annotations. The drawing is overlaid with a semi-transparent blue filter. In the foreground, several hardware components are visible: a metal bolt, a metal nut, a metal washer, a metal plate with two holes, and a metal gear. A hand holding a pen is visible on the right side, and a pair of calipers is visible in the bottom right corner. The overall scene suggests a technical or engineering environment.
